1/4" VIBROTOR W. BLADES

5710138881246
09231013

The VibRotor is a vibrator rotor intended for use in small pipes. It excels at being efficient even at low pressure. The VibRotor is equipped with 2 tangential 85° sprays and 2 tangential 45° sprays angled towards the pipe wall, as well as 12 blades running along its length.

The VibRotor can be guided towards roots, calcium buildup and urine stones and cut them loose with the blades in a way that is gentle to the pipe.

This gives it the following advantages:

- High cleaning effect with vibration against hard deposits.
- Up to 300 BAR.
- DN 20 to 100.

1/4" VibRotor

EAN nr.	Designation	Weight (kg)	Dimensions L x Ø (mm)	Connection	Angles of spray	Scope of application
5710138210121	VibRotor	0,037	37x16	1/4"	2 X 85° 2 X 45°	DN20 til DN100
