

Specially lathed rotor with recess to turn rotation into vibration.  
The VibratorRotor is well suited to loosen light concrete and hard deposits like chalk and similar in PVC and steel pipes.  
The VibratorRotor can also be used in concrete pipes for the removal of roots.  
Made from hardened steel.

Can be used up to 200 bar and from 30 to 600 L/min.

### VIBRATORROTOR

EAN Nr.	Description	Weight (Kg)	Dimensions LxØ (mm)	Connection	Nozzle inserts	Scope of application
5710138230327	RTK VR 28	0,15	60x28	1/4"	4xM4 ceramic	From $\geq$ DN 30-60
5710138230433	RTK VR 40	0,55	83x40	1/2"	4xM6 ceramic	From $\geq$ DN 70-100
5710138230440	RTK VR 50	1,00	93x50	3/4"	7xM6 ceramic	From $\geq$ DN 70-150
5710138230570	RTK VR 60	1,40	103x60	1"	RS 3xM8 – Rot 4xM6 ceramic	From $\geq$ DN 100-300
5710138230587	RTK VR 100	7,40	180x100	5/4"	7xM10x1 ceramic	From $\geq$ DN 200-600
